

Southwest Calgary Ring Road

Traffic Advisory

January 28, 2019

Closure of Macleod Trail at Highway 22X

Location: Macleod Trail S.E. at the interchange with Highway 22X

Impacts:

- Full closure of northbound and southbound Macleod Trail
- Closure of the ramp from eastbound Highway 22X to northbound Macleod Trail
- Detour of traffic to nearby ramps and roads

Reason: Bridge demolition and girder erection

Start date: Friday, February 1, 2019, at 8:00 p.m.

Completion date: Monday, February 4, 2019, at 6:00 a.m.

Work hours: 24-hours a day until completion

Speed limit: 50 km/h from 70 km/h

Other information:

- Drivers are encouraged to consider alternate routes
- Signs will be posted to guide drivers when the detours are active
- Traffic control personnel will be deployed at intersections to guide vehicles
- Activity will include night shifts to complete the work in a short window, which will be less impactful for motorists travelling through the area
- The closures allow KGL to install bridge girders while demolition is ongoing, which will reduce future closures that would have been required for bridge construction

For your safety, please obey all construction signs and traffic control personnel when travelling through the area.

KGL would like to thank you for your patience during this period of construction.
